Adverse reaction monitoring
Adverse drug reaction update. 21: 113-120
Adverse drug reaction update. 21: 161-166
Adverse drug reaction update. 21: 253-260
Breggin PR. The anti-depressant fact book. 21: 121
Hughes ML, Whittlesea CMC, Luscombe DK. Review of national spontaneous reporting schemes: strengths and weaknesses. 21: 231-241

Antibacterials
Viraraghavan R, Chakravarty AG, Soreth J. Cefotetan-induced haemolytic anaemia: a review of 85 cases. 21: 101-107

Antidepressants
Breggin PR. The anti-depressant fact book. 21: 121
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187

Antiepileptic drugs
Kalapos MP. Carbamazepine-provoked hepatotoxicity and possible aetiopathological role of glutathione in the events: retrospective review of old data and call for new investigation. 21: 123-141

Antipsychotics
Warner B, Hoffmann P. Investigation of the potential of clozapine to cause torsades de pointes. 21: 189-203

Carbamazepine
Kalapos MP. Carbamazepine-provoked hepatotoxicity and possible aetiopathological role of glutathione in the events: retrospective review of old data and call for new investigation. 21: 123-141

Book reviews
Breggin PR. The anti-depressant fact book. 21: 121
Flynn M. Book review. 21: 167

Cardiovascular disorders
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Cefotetan
Viraraghavan R, Chakravarty AG, Soreth J. Cefotetan-induced haemolytic anaemia: a review of 85 cases. 21: 101-107

Citalopram
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187

Clozapine
Warner B, Hoffmann P. Investigation of the potential of clozapine to cause torsades de pointes. 21: 189-203

Coma
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187

Elderly
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187
Lambert O, Veyrac G, Armand C, et al. Lamotrigine-induced neutropenia following two attempts to increase dosage above 50 mg/day with recovery between episodes. 21: 157-159

Eye disorders
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Fluorouracil
Gardiner SJ, Begg EJ, Robinson BA. The effect of dihydropyrimidine dehydrogenase deficiency on outcomes with fluorouracil. 21: 1-16

Gastrointestinal disorders
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Genetic polymorphism
Gardiner SJ, Begg EJ, Robinson BA. The effect of dihydropyrimidine dehydrogenase deficiency on outcomes with fluorouracil. 21: 1-16

Haematological disorders
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Haemolytic anaemia
Viraraghavan R, Chakravarty AG, Soreth J. Cefotetan-induced haemolytic anaemia: a review of 85 cases. 21: 101-107

Health policy
Hardwicke CJ. The World Health Organization and the pharmaceutical industry: common areas of interest and differing views. 21: 51-99

Herbal medicines
Bogusz MJ, Al Tufail M, Hassan H. How natural are natural herbal remedies?: a Saudi perspective. 21: 219-229
Haller CA, Anderson IB, Kim SY, et al. An evaluation of selected herbal reference texts and comparison to published reports of adverse herbal events. 21: 143-150
Moog FP, Karenberg A. Toxicology in the Old Testament: did the High Priest Alcimus die of acute aconitine poisoning? 21: 151-156
Zhu Y-P. Toxicity of Chinese herb Mu Tong (*Aristolochia manshuriensis*): what history tells us. 21: 171-177

Hypoglycaemia
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Hyponatraemia
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187
Madhusoodanan S, Bogunovic OJ, Moise D, et al. Hyponatraemia associated with psychotropic medications: a review of the literature and spontaneous reports. 21: 17-29

Inappropriate antidiuretic hormone secretion
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Lamotrigine
Lambert O, Veyrac G, Armand C, et al. Lamotrigine-induced neutropenia following two attempts to increase dosage above 50 mg/day with recovery between episodes. 21: 157-159

Leprosy
Griffin JP. The Leper Hospital of St Mary Magdalene at Baldock, Hertfordshire. 21: 109-111

Liver disorders
Kalapos MP. Carbamazepine-provoked hepatotoxicity and possible aetiopathological role of glutathione in the events: retrospective review of old data and call for new investigation. 21: 123-141

Medical information
Fletcher PES. The life of Andrew Boorde C1490-1549. 21: 243-252
Haller CA, Anderson IB, Kim SY, et al. An evaluation of selected herbal reference texts and comparison to published reports of adverse herbal events. 21: 143-150

Muscular disorders
Mantle D, Preedy VR. Adverse and beneficial functions of proteolytic enzymes in skeletal muscle: an overview. 21: 31-49

Neutropenia
Lambert O, Veyrac G, Armand C, et al. Lamotrigine-induced neutropenia following two attempts to increase dosage above 50 mg/day with recovery between episodes. 21: 157-159

Nootropics
Madhusoodanan S, Bogunovic OJ, Moise D, et al. Hyponatraemia associated with psychotropic medications: a review of the literature and spontaneous reports. 21: 17-29

Pharmaceutical industry
Hardwicke CJ. The World Health Organization and the pharmaceutical industry: common areas of interest and differing views. 21: 51-99

Seizures
Fisher A, Davis M, Croft-Baker J, et al. Citalopram-induced severe hyponatraemia with coma and seizure: case report with literature and spontaneous reports review. 21: 179-187

Skin disorders
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Sulphonylureas
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217

Torsade de pointes
Warner B, Hoffmann P. Investigation of the potential of clozapine to cause torsades de pointes. 21: 189-203

Weight gain
Salas M, Caro JJ. Are hypoglycaemia and other adverse effects similar among sulphonylureas? 21: 205-217
